

A.S. • PALETTES

EXCLUSIVE UNIQUENESS

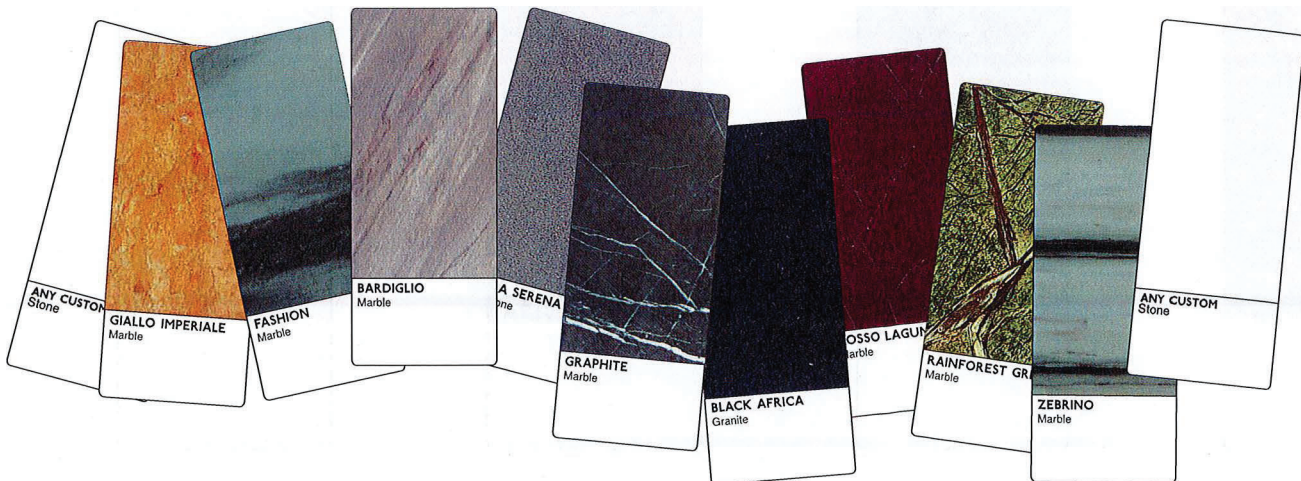

Please note that these palettes must be considered as reference; the delivered item may look slightly different being many the things affecting the ultimate graining and coloration of natural stone and terracottas, such as underground springs, mineral deposits, earth shifts, temperature, natural solutions in the earth and pressure.

Enjoy **A.S. EXCLUSIVE UNIQUENESS**, we really feel proud about. It is not just about the product, each A.S. sound module is a very special and inimitable piece of **Sound Art**.
